# Clever features list

Each board has been hand-selected to ensure a premium AB-grade appearance is achieved, offering a sense of luxury. The natural timber features are showcased, while reducing the dark colour variation and unsightly black notes.

Part of the beauty of wood is the naturally occurring unique features, such as variety in colour, texture and grain. Real timber flooring means that there will be no repeating patterns anywhere in your room, with each board unique.

Timber Solutions are suitable for families as they are able to withstand spills that don't sit for long periods of time. Damage can be avoided by wiping up spills quickly.

The wear layer on our Timber Solutions consists of seven layers of UV Cured Lacquer. This protective layer can be sanded and recoated.
